CABINET SPENDS TIME DISCUSS-ING JAPANESE QUESTION.

Sacramento, Cal., Feb. 5.-Speaker Philip A. Stanton took the floor today and secared, by a strong personal appeal, unanmous consent of the assembly to postpone further action on the Japanese school segregation bill until next Wednesday.
He declared that he had information, which he could not reveal, that the assembly was treading upon dangerous ground in passing the anti-Japanesee bill

At the conclusion of the speaker's address Grove L. Johnson, author of the measure, asked that the matter of the reconsideration of yesterday's vote be put over until Wednesday, and his motion carried without dissent.

The governor sent a special message to the house, raising the point of the bill's constitutionality, and this was the subject of a long debate, during which it was suggested by the leaders on both sides that the measure be referred to the committee on judiciary and submitted to the attorney general for an opinion as to its legality.

Senator A. Caminetti introduced the Japanese school bill in the senate.

Both houses adjourned until Monday

AGITATION IN NEVADA.

Lower House Passes Anti-Atien Bill -Senate Has Doubts.

Carson. Nev.. Feb. 5.—The Nevada assembly this afternoon passed the Giffen anti-alien land bill, which provides that no Asiatles, including the Japanese, shall own land or land mortgages in the state. The measure passed in the lower house of the legislature without any opposition, but it is believed that the senate will practically kill the purposes of the bill, so far as it is aimed at the Japanese, by amendments. Both the assembly and the senate this afternoon adjourned until Monday.

Anti-Alien Bill.

The anti-alien bill introduced by Mr. Giffen is as follows: Section 1. Any non-resident alien, per-son or corporation, except subjects of the Chinese and Japanese empires, may take, hold and enjoy any real property, or any interest in lands, tenements or hereditaments within the state of Nevada as fully,

The Giffen anti-Japanese resolution is held in the committee on judiciary, and should that committee release the resolution it will meet the same fate as the warship measure. It was framed to table the Giffen resolution by a Republican member, but before he could take action another Republican, who had not been taken into his confidence, moved to refer the resolution to the judiciary committee. That the resolution is dead can be positively stated.

This afternoon Senator Newlands' letter rom Washington was read to the senate.

Doubtless further telegrams have passed between the president and Governor Gillett on this matter, but if so they were not made public at the White house. Story Is That Prisoner Confesses to Implication in Clark Murder.

A story which gained considerable publicity yesterday in both Salt Lake City and Ogden, to the effect that confessions made to Salt Lake county officials tended to prove that one James Preston, now in custody at the Salt Lake county jail, was implicated in the murder of Deputy Sheriff Seymour L. Clark near Unitah two months ago, now appears to have been without any real foundation.

The story, as it went the rounds, was to the effect that Preston, who was ar-rested in Salt Lake five days ago by Deputy Sheriff Carlson on a charge of passing a worthless check, had confessed to his wife that he had been present at the shooting of Clark, and that the wife had in turn repeated the ton is treasurer, and they will remain so confession to Deputy Carlson.

Justices of the peace in the county are now making monthly reports to the county attorney of all the cases heard in their courts with amounts of fines and collections. This is the first time this has been done. Indeed, but few of the justices have ever reported, though the law distinctly says that they shall report to the county attorney quarterly. Some of them, notably the justice at Bingham, never reported or even returned fees received to the treasurer. Willard Hanson, County Attorney Joh P. Lyon's pridecessor, did not compel any reports. With but one exception, that of the justice at Garfield, all of the justices of the peace have returned reports for January.
